Returned with compliments to the Secretary to Government,
L S G Department, Bangalore

There is no objection to the Mysore Municipality framing bye-laws for levying fees for the storage and sale of Petrol and Kerosene so long as they do not come in conflict with the principal enactments of the State

The powers for licensing storage of Petrol and Kerosene are vested with the Chief Inspector of Mines & Explosives in Mysore and the District Magistrates as prescribed in Scheaule I of the Mysore Petroleum Act and Rules thereunder The powers of the Mysore Municipality shall not clash with the Statutory powers of the above officers

The local bodies can only levy fees for trading in dangerous and combustible materials

Sir, 18/11/50

From

The Municipal Commissioner,
Mysore city

Letter no C2 PR 26/5051 dated 6-12-50 furnishes the information called for

13) The city Municipal Council Mysore resolved at its meeting held on 30-11-1950 to the effect that the licence fee be levied for the trade and not for the storing of Kerosene or Petroleum and that the levy does not clash with the powers of the Department, as observed by the chief Minister for Mines and Explosives (vide Para 8 supra of the note)

The Municipal Council, Mysore City No C2 P R 26/50-51, dated 13.8.51, forwarding a Revised draft of the proposed amendment

—

19) The draft of the amendment notified for objections as flagged 'A'

20) The amendment is seen against to purport to levy fee for Storage which clashes with the provisions of the petroleum Act as opined by the Chief Inspector of Mines at paras 6 to 8 of the notes

21) The idea of the municipal Council appears to be to levy fee when petrol and Kerosine are stored in any place for purposes of trade as the person engaged in such a trade earns profit in the municipal limits hence may render the petroleum Act as by way of precaution against fire and accident as these are inflammable articles

22) To place the matter beyond doubt and to remove any ambiguity and

Sir,

Subject - Increasing the levy of licensing fee on petroleum and kerosene storage godowns and tanks

I have the honour to state that the present rate of levy of licensing fee on petroleum and Kerosene storage godowns and tanks in which petroleum or kerosene is stored is Rs 2 per 1000 gallons subject to a minimum of Rs 14 During the buaget meetings of the Managing Committee and the Municipal Council this year, it was considered that the rate now levied is very small and the Council approved of the resolution of the Managing Committee to enhance the rate of levy per 1000 gallons to Rs 5/- from Rs 2/- and the minimum rate fixed to Rs 25/- from Rs 14/-

Notifications were issued regarding the proposed enhancement and objections called for As no objections were received within the prescribed time, the Council finally approved of the enhancement at their meeting held on 29-6-50

In enclosing a copy of the resolution of the Municipal Council proposing the enhancement, as also a copy of the notification published in the Official Gazette and their resolution finally approving the amendment of the byelaws, I request you kindly to obtain orders of Government approving the amendment of the byelaw No 4(a) (2) of Chapter XXIV of the Mysore City Municipal Rules and Byelaws so as to levy the licensing fees on petroleum and kerosene storage godowns

or tanks at Rs 5/- per 1000 gallons subject to a minimum of Rs 25/-

Sir,

Subject - Increasing the licensing fee on petrolium and Kerosine godowns and tanks in Mysore City.

With reference to your letter No.L. 7742 dated 3-11-1950 on the above subject, I have the honour to state that the Council before whom the letter was placed at their meeting held on 30-11-50 examined the question in detail They were of opinion that the licensing fee levied is in respect of the trade of storing ~~the~~ petrolium and kerosene in pursuance of the bye-law framed under Section 51 (1)(iii)(vi) and Section 181 of the Mysore City - Municipalities Act. This does not clash with the departmental levy to be made by Government under the Petroleum Act, as is evident from the fact that the municipal levy is in proportion to the capacity of the - storage of the above materials.

In enclosing a copy of resolution as also the extracts from the office note referred in the Resolution, I request that orders of Government may be ~~kdin~~ kindly obtained approving the proposal of the Muntipal Council.

Yours faithfully,

Municipal Commissioner.

Municipal Commissioner

Extract from the Office Note dated 8th November 1950.

In reply to this office letter No C2. P.R. 26/50-51 dated 7-7-50, forwarding for Government sanction, the resolution of the council finally approving the enhancement of the license fee on Petrol and Kerosine godowns and tanks from Rs. 2/- per 1000 gallons to Rs. 5/- per 1000 gallons subject to a minimum of Rs. 25/- as against Rs. 14/- now levied, the Local Self Government Secretary has enclosed a copy of the letter received from the Chief Inspector of Mines and Explosives in Mysore stating that the powers of the Municipality shall not clash with the Statutory powers of the Department and that Local Bodies can only levy fees for trading in Dangerous and combustible materials It is to be submitted that the licensing fee on the above is levied on the trade only ie., on the business of the storing for trade the above in pursuance of the bye-laws framed therefor under Section 51(i)(iii)(vi) and section 181 of the Mysore City Municipalities Act 1933 wherein it is stated that Dangerous and offensive trade means the business of storing for sale

(i) Kerosine oil, in godowns
(ii) Petrolium in godowns.
(iii) Kerosine oil in tanks.
(iv) Petrolium in tanks

The rate of levy of licensing fee is fixed in proportion to the quantity stored and as such there seems to be no clash according to the observation of the Chief Inspector of Mines and explosives.

The Petrolium Act 1923, the Explosives Act 1888, available in Vol.VII and Vol. II of the Mysore Code do not throw any light on the point, But the L.S G Secretary wants the opinion of the Council with regard to the observation.

For kind orders.

Dear Sir,

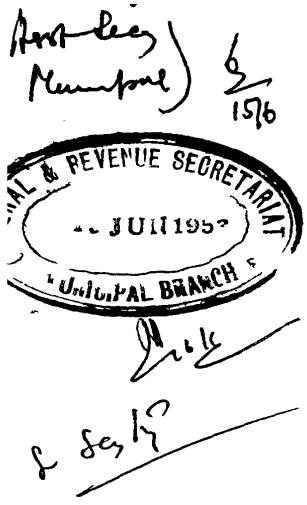
Reference your letter No L 2601, dated the 27th May, 1953



In the absence of particulars regarding Local and Municipal Laws governing storage and transport of petroleum, carbide of calcium and cinematograph films (nitrocellulose base) no action has so far been taken to limit the operation of local Acts under section 31 of the Petroleum Act, 1934. However, a reference regarding the byelaws of the Mysore City Municipality in so far as these relate to Kerosine Petrol and Carbide of Calcium is being made to the Central Government and you will be kept duly advised in the matter.

Sub - Levy of license fee in respect of Storage of Kerosene and Petrol in Davanagere City Municipal limits

***

I write to state that in accordance with byelaws regulating the Dangerous and Offensive trades framed under Section 51 (1) (b) (iii) read with Section 181 of the Mysore Cities Municipalities Act 1933 and approved in Government Order No L 2113/C M 5-49-2 dated 19-8-1949, - storing of Kerosine oil and Petroleum in tanks or godowns has been in--cluded as Dangerous Trade for which a license fee of Rs 2/- per 1000 gallons on the capacity of each godown has to be charged In accordance with these provisions the license fee was demanded from the several concerns of (1) M/s Burmah Shell Oil Storage and Distributing Co Ltd (2) M/s Caltex Co of India Ltd and (3) M/s The Standard Vacuum Oil Co

(2) They have replied that Government of India, Late Department of Industries Notification No M 826 dated 16-6-37 has limited the opera--tion of local enactments with regard to storing of petroleum and that they are therefore not liable under the byelaws in force in this Munici--pality M/s Burmah Shell Storage and Distributing Co Bombay have also sent copies of the above notifications and a correspondence between the Chief Inspector of Explosive in India to the under Secretary to Govern--ment, Central Provinces and Berar, L S G Department, Nagapur, regarding such a levy made by the Municipal Committee of Khamgaon

(3) I therefore request you kindly to clarify whether the Government of India Notification adverted to above has any limitations to the levy made under the Mysore City Municipalities Act 1933 and whether the Pe--trol distributing Companies Storing Kerosene and Petrol in the Tanks

— (Continued).

and in godowns within the City Municipal limits are not liable for the levy under the Bye-laws of Dangerous and Offensive trades as in force in this Municipality

(2) One storage tank for filling Bulk Kerosine capacity of 5000 gallons - Minimum Rs.14/- P.A. for 5 years from 1949/50 to end of 53/54.		Rs. 70--0-0
		Rs. 180--0-0

From M/s.Bramhappa Travanappanawar Ltd :-

(1) Kerosine godown of 8500 gallons capacity at Rs.17/- per year at Rs.2/- per 1000 gallons for the year 1949/50 to end of 1953/54 i.e. for 5 years.	Rs. 85--0-0
(2) One tank of 2000 gallons at Rs.14/- P.A. for 5 years (minimum charged)	Rs. 70--0-0
	Rs. 155--0-0

The reference to the 2000 gallon tank (licence fee claimed from M/s.Bramhappa Travanappanawar Ltd.) is no doubt to the tank of this capacity attached to our Petrol Pump No.B.1123 under control of these Dealers. We add that we have installed another tank of 3000 gallons for our H.S.D. Pump at this place.

We have also another pump viz B.1132 with a petrol tank of 2000 gallons in charge of our Dealers M/s.M.K. Swamy.

The Kerosine godown and tanks referred to by you in your above letters are in respect of our A & B

Depots at Davangere as shown below :-

their renewal for 1954 and the license fee paid to Govt. therefor as per Petroleum Rules is as under :-

	Depot	Licence fee paid.	
(1)	'A' Depot	Rs.136/-	
(2)	'B' -"-	" 128/-	
(3)	Petrol Pump No.B.1123 & H.S.D. Pump.	" 55/-	(Rs.25/- for 2000 gls.DP Rs.30/- for 3000 gls. HSD.
(4)	Petrol Pump No.B.1132.	" 25/-	

It may be noted that as per Govt. notification No.M.826 dated 23/5/38 of which we enclose a copy the power of Municipalities in Indian Union to issue licences and recover license fee is restricted to

(1) six gallons or less in case of dangerous petroleum having its flashing point below 76°F.

(2) quantities not exceeding 500 gallons in case of non-dangerous petroleum (Kerosine) having its flashing point above 76°F but below 150°F.

(3) quantities not exceeding 10000 gallons in case of non-dangerous petroleum (Heavy petroleum as distinguished from Kerosine) having its flashing point not below 150°F but below 200°F.

You will notice from the above that your

municipality is not entitled to demand license fee or insist upon municipal licenses (issued on payment of licence fee) for our above Depots and pumps (already licensed under the Petroleum Act 1934 and Rules thereunder) for the reason that these storage premises do not come under the purview of the Municipal Act or By-laws framed by you owing to the quality and ~~motive~~ nature of petroleum stored at these places.

We add for your information that we have successfully resisted similar claims from time to time made on us and on our Dealers and Agents ~~made~~ by Municipalities in spite of the clearly defined limitations placed upon their Powers (to issue licences) by Government Notification mentioned above.

For your information we also enclose copies of correspondence (in connection with a similar claim put up by the Municipal Committee, Khamgaon, in Madhya Pradesh) between the Chief Inspector of Explosives in India, New Delhi, and the Under Secretary to the Government of C.P. & Berar and the directions issued ~~by~~ by the latter to the Deputy Commissioner, Buldana which speak for themselves.

No R-1(1) - 54

New Delhi, the 13th December 1949.

The under mentioned paper is forwarded to Messrs. Burmah-Shell Oil Storage & Distributing Co. of India Ltd., Bombay in continuation of this office letter of even number dated 12th September 1949.

Sd/-
FOR CHIEF INSPECTOR OF EXPLOSIVES IN INDI

Copy of letter No.5251 - 4947 XXIII, dated 30th November 1949 From Shri D.H.Deshmukh, under Secy. to Govt. Central Provinces and Berar, Local Self Govt, (Municipal) Department. Nagpur addressed to the Chief Inspector of Explosives in India New Delhi.

I am directed to refer to your letter No.R-1(1)-54 dated the 12th September 1949 regarding imposition of licence fees by the Municipal Committee, Khamgaon on three petroleum depots at Khamgaon in respect of which licences are held under the petroleum Act, and to send a copy of Government's order memorandum No.5250-4947 XXIII, dated 30.11.1949 for information.

Copy of letter No.5250-4047 XX III, dated 30th November 1949 from under Secretary to Govt. Central Provinces and Berar, Local Self Govt. (Municipal) Dept. Nagpur addressed to the Deputy Commissioner, Buldana.

SUBJECT : Imposition of license fees by the Municipal Committee Khamgaon, on petroleum depots at Khamgaon in respect of which licences are held under the Petroleum Act.

It has been brought to the notice of Government that the Municipal Committee, Khamgaon charges licence fees on three oil Depots of the Burmah-Shell Oil Storage & Distributing Company, Bombay at Khamgaon, under it's bye laws for regulating the use of any place for yards or depots for trade in specified articles including oils, sanctioned under notification No 17 95-4650-M-XIII dated the 14th April 1949. The Burmah-Shell Company admits the Municipal Committee's claim in respect of 'A' depot where Standard Diesel Oil is stored As regards the other two depots i.e Kerosine 'B' and Bensine Depots, the Company maintains that the Municipal Committee cannot charge any fees on them since petroleum has been stored in them.

2. Government are advised that the term 'OIL' ordinarily includes mineral oils also and therefore, petroleum too But as petroleum is a Central Subject so far as regards possession, storage, and transport and as there is already a Central enactment on that subject (viz the Petroleum Act 1934 XXX of 1934) the Municipal Committee. Khamgaon can exercise powers in the matter only to the extent provided for by that enactment. Under section 31 of the Petroleum Act 1934, the Central Government have the power to limit the powers of local authorities in respect of the transport or storage of petroleum A copy of the Central Government's Notification under that section is enclosed herewith and it is only within the ambit of the Notification that the Municipal Committee, Khamgaon, can exercise it's powers in the matter Any action on it's part beyond the terms of that Notification must be regarded as Ultra vires. The objection taken by the Burmah-Shell Oil Storage & Distributing Co., in respect of Kerosine 'B' and Benzine Depots, is therefore, correct.

The Municipal Committee, Khamgaon, should be informed accordingly

Nagpur, 3rd December 1953.

Subject: MUNICIPAL LICENCE FEE IMPOSED BY KHAMGAON MUNICIPALITY ON OUR DEPOTS AT KHAMGAON IN RESPECT OF WHICH LICENSES ARE HELD UNDER THE PETROLEUM ACT

In enclosing herewith a copy of letter No A/Leg.11/2. dated 12/18th August, 1949 from Messrs. Burmah-Shell Oil Storage & Distributing Co. of India Ltd., Bombay together with copies of correspondence which have passed between them and the Khamgaon Municipality, I am to invite a reference to bye-law 1 of the Model Bye Laws published with your notification No.1 1038-M.XIII, dated 2nd January 1949 for regulating the storage of petroleum within Municipal limits and for the charging of fees for the issue of licenses for possession of Petroleum, for the guidance of Municipal Committees in your Province. It seems that the Khamgaon Municipality is not in order in having realised from Messrs. Burmah-Shell fees for the storage of Petroleum in excess of the quantities mentioned in part 1 of first Schedule appended to the Bye-Laws

The Municipality appear to have acted on your notification No 1795-4520-M.XIII, dated 14th April, 1948 without taking into consideration the Model Bye Laws framed by you.

May I request you kindly to take necessary action in the matter and advise this office in due course ?

Yours faithfully,

Sir,

Subject. Levy of License fee in respect of storage of kerosene and Petrol.

I am directed to state that license -fee is payable by the oil concerns in respect of storage of kerosene and petrol under the bye-laws framed regulating the Dangerous and Offensive Trades under the Mysore City Municipalities Act, 1933. When the license fee was demanded from the concerns they have written to say that the Government of India (Department of Industries) Notification M 826 dated the 16th June 1937 has limited the operation of Local Enactments with regard to the storing of petroleum and that they are therefore not liable to pay the license fee under the bye-laws in force in the Municipalities. I am to request you kindly to intimate wrether any notification has been issued in exercise of the powers conferred by Section 31 of the Petroleum Act, 1931, adding Mysore Enactments to the Schedule and if so kindly to send a copy of the same for reference by this Government.
